

SPRING AWAKENING

APRIL 6-8 With Grant Hutchinson & Rose Riccio

The practice of Spring is awakening. As the snow melts and small sprouts emerge from the earth, we can sit with our own potential to awaken, unfold and blossom into the present moment. Take the time during this weekend retreat to slow down in a supportive environment with sitting and walking meditation, on the cushion and in the woods. The charming, off grid centre, Harmony Dawn, is located near Rice Lake, Ontario. You will be nourished by Nicola's fantastic yin-yang balanced vegetarian cooking, while rooting in silent community, with yourself, the birds, the changing light and the fertile earth.

Early Bird rate \$360+HST before Feb 15th

Regular rate \$385+HST after Feb 15th
